

This file contains the user story -> object diagram references.

Each object diagram file contains two diagrams, the starting state and the end state of the user story.

User stories that can be used for object diagrams:

1. **story 2 - done**
2. **story 5 - done**
3. **story 6 - done**
4. **story 9 - done**
5. **story 10 - done**
6. **story 13 - done**
7. **story 14 - done**
8. **story 15 - done**
9. **story 16 - done**
10. **story 17 - done**
11. **story 18 - done**
12. **story 21 - done**
13. **story 24 - done**
14. **story 25 - done**
15. **story 26 - done**
16. **story 27 - done**
17. **story 28 - done**
18. **story 30 - done**
19. **story 31 - done**
20. **story 33 - done**
